Parking Rules and Regulations 2023-2024

Parking

Parking privileges are extended to seniors and underclassmen receiving approval by the building principals. Only students who have been issued a parking permit through the main office are permitted to use school district parking facilities. The issuance of a parking permit does not authorize the student to transport additional persons in his/her vehicle. The parking permit is applicable to a single student and a single vehicle only. Students may apply for parking permit consideration by acquiring an application in the main office or download from the district website.

Due to the difficulties of traffic control, the possibility of vandalism, and the opportunity for other disciplinary infractions, it is of the utmost importance that the **Rules & Regulations** listed below be followed by those requesting a Carlynton High School Parking Permit.

A student parking permit may be revoked, by the principal or his/her designee, for any offense of the following **Rules & Regulations**. This revocation may occur with the first offense.
