#WhenYouWonder

MAY 12-23

Join us for Remake Learning Days, a celebration of innovative learning! At this festival, you can make, code, play and tinker at many learning spaces like schools, libraries, museums, outdoor play spaces, and more. With 150+ fun and FREE events across southwestern PA, families with kids of all ages can easily find hands-on learning activities. Build robots, create art, try new technology, enjoy outdoor learning and more. Plus, kids can earn a Career Ready PA badge from the PA Department of Education at select events. Explore, wonder and learn together.
